

⚠ PLACEHOLDER DOCUMENT

This is not an official park document — replace with the official fee schedule

Permit Costs — this PDF is a placeholder standing in for the real thing while the page structure was being built.

Before this page goes live, this file needs to be replaced with the actual current document obtained directly from African Parks or the Bazaruto Archipelago National Park authority — specifically:

- Confirm the document is the current, officially published version
- Confirm all figures (fees, dates, contact details) directly with the park authority
- Replace this exact file at the same path so the page's link keeps working

No rules or costs are stated in this placeholder, since inventing figures here could genuinely mislead a visitor.
